no worries! That shouldn't be your job. just stick it on my desk (or put it in inter-office mail so you don't have to run around) and I will code it and send it to the files (assuming you have already printed out a hard copy - otherwise I can print it out and send it myself).

thanks!

:) I don't have the rainbow code for the program copy so I will need to ask you to look that up for me. Please

Lisa
